# HOW GREAT DREAMS BECOME UNIQUE FLOORS

At Quick-Step, we must admit that we're perfectionists. Perfectionists when it comes to design, and passionate when it comes to details. Which is why we work at getting it right day and night.

We like to cross borders. Not only those of our country, but also of our industry. We document innovative architecture, analyse interior design and fashion trends, read the latest blogs, visit the hippest cities and follow upcoming artists. We check up on new materials and keep an eye on the latest fashion colour ranges.

That's how we spot a trend, even long before it becomes one. And it's also how we manage to tell the difference between hype and timeless design, between fads and well thought-out concepts.

All of this allows us to push our boundaries. Step by step, we dream up new and unique floors, new and exciting combinations of structures and materials, colours and wood designs.

Then, we turn this great dream into reality. With a passion for detail we create floors with innovative structures, an appropriate board size, the right wood design, perfectly balanced colours, and the perfect bevel. We use all the available technology to turn our ideas into a unique floor – and we invent new techniques if needs be.

At Quick-Step, not only do we want to create the most beautiful floor, we also want to create the most efficient one. One that is more resistant to wear and tear, to water and to dirt.

**This is how we realise our dreams. With floors that are not only trendy today, but will also be a classic tomorrow.**

# THE PERFECT FLOOR DESIGNED FOR YOUR INTERIOR

## ▶ CUTTING-EDGE DESIGN AND TECHNOLOGY

Quick-Step's designer team follows the latest trends in fashion, architecture and interior design passionately to offer you a range of floor designs that are visually stunning and technologically advanced. Giving you the perfect interior today, and for years to come.

## ▶ THE DESIGN IS IN THE DETAIL

In order to reinforce the character and variety of our floors we design and engineer the smallest details, thus providing you with a range of structures and colours that are unmatched. For example, our choice of bevelled edges is a detail that is an integral part of the design and character of your floor.

## ▶ A TOTAL SOLUTION

At Quick-Step we don't just offer a product, we offer a total solution. From floors, stair solutions, underlays, finishing profiles and accessories, Quick-Step's range of products guarantee a perfect result every time.

# A LIFETIME OF PLEASURE

## ▶ SUPERIOR SCRATCH RESISTANCE

Enjoy your beautiful, natural-looking floor for many years. Quick-Step floors are up to ten times more scratch-resistant than floors without Scratch Guard. Thanks to the extra protective top layer that uses Scratch Guard technology, all our Quick-Step laminate floors are designed for a lifetime of living and playing.

## ▶ GOOD LOOKS FOR LIFE

Thanks to the superior-quality HDF core and the Scratch Guard top layer, Quick-Step laminate floors provide long-term durability against everyday wear and tear such as falling objects, furniture marks, high-heel impact, etc.

## ▶ CLEAN IN A JIFFY

A Quick-Step floor is incredibly easy to maintain, which means worry-free cleaning for you. The floor's surface is completely sealed and thus bacteria, dirt, and even spillages have no opportunity to penetrate the floor. They can simply be wiped off leaving a clean, hygienic surface.

# EASY INSTALLATION

Laying a Quick-Step floor is a breeze thanks to the patented world-famous Uniclic® click system. This system is highly user-friendly, quicker to install and a lot more solid than other systems. A Quick-Step floor makes laying easy, even in the tightest corners or under radiators and doors.

## ▶ EFFORTLESS INSTALLATION, THANKS TO THE UNICLIC® CLICK SYSTEM

Quick-Step is the inventor of the Uniclic® installation system, today the standard click-to-install system. Use the revolutionary and patented click system to effortlessly click your floor planks together.

## ▶ INSTALL YOUR FLOOR ANYWHERE, EVEN ON FLOOR HEATING AND COOLING

Quick-Step laminate floors are perfect for installing over underfloor heating or cooling when combined with the right underlay. Find out more about the range of Quick-Step underlays on page 50.

## ▶ WATCH THE VIDEOS

# A HEART FOR NATURE

At Quick-Step, we realise that 'the world you'd love to live in' is not just a world of stylish interiors. It's also a world that shows respect for our natural environment.

That's why, as a company, we make continuous efforts to minimise the ecological impacts of our products and processes.

Every day, we seek new ways to recycle, reduce and renew throughout the entire Quick-Step manufacturing process.

## WE USE CAREFULLY SCREENED RAW MATERIALS

## WE INVEST IN ENERGY-EFFICIENT PRODUCTION

## WE COMPLY WITH ALL REGULATIONS

# NEW IMPRESSIVE ULTRA - THE NEW GENERATION OF LAMINATE FLOORS

Quick-Step is proud to present Impressive Ultra, a whole new generation of laminate floors. Floors that look and feel more natural than ever before.

## 6 NEW DESIGNS

Impressive Ultra comes in a range of 6 designs at a plank thickness of 12 mm. Discover the full range on page 43.

## FEEL THE STRUCTURES

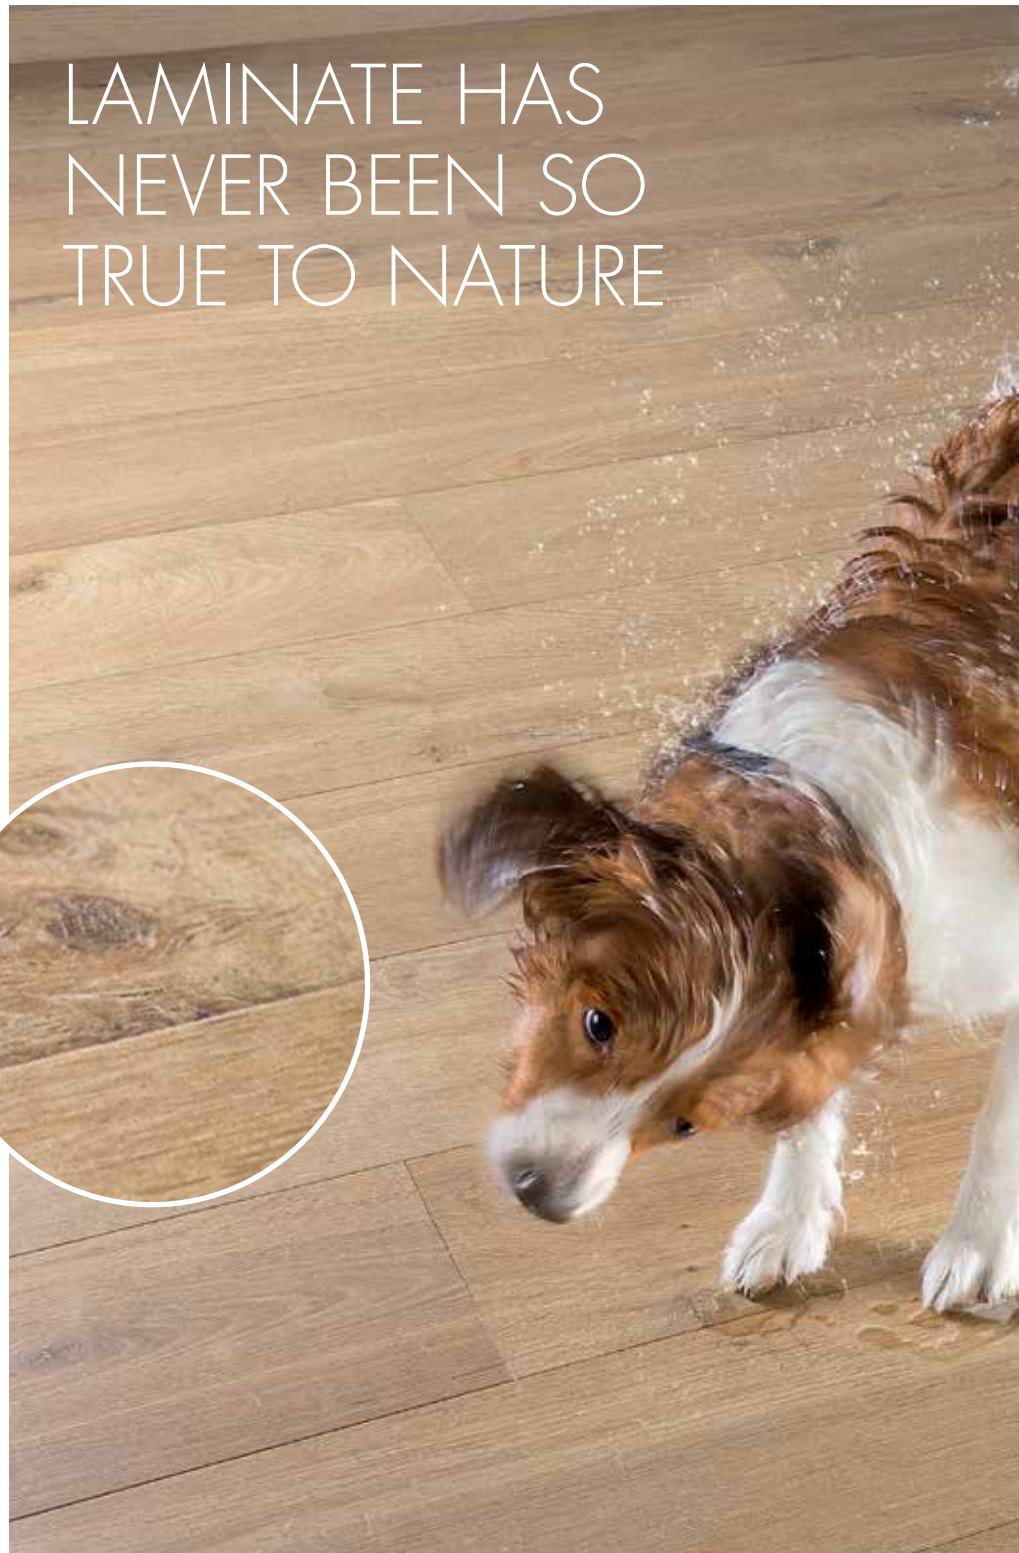

You only have to touch this new-generation floor to feel the difference. Just run your fingers along the surface and you'll notice immediately that this laminate is as close to nature as it gets.

## SEE HOW COLOUR, DESIGN AND STRUCTURE MERGE RIGHT THROUGH THE BEVEL

The character of the bevel is in perfect balance with the character of the floor. The colour, the design and the structure carry on through the bevel, giving the look of real wood.

**TIP** Quick-Step also offers various accessories to make the underlay and skirting finish fully watertight! For details see page 52.

LAMINATE HAS NEVER BEEN SO TRUE TO NATURE

LAMINATE HAS  
NEVER BEEN SO  
WATER-RESISTANT

Impressive Ultra doesn't just look fantastic, it also performs amazingly well thanks to Quick-Step's advanced innovation technology.

#### A UNIQUE WATER-REPELLENT COATING

Cleaning has never been so effortless, now moisture seepage is a thing of the past. Our new Impressive Ultra range comes complete with a HydroSeal water-repellent coating on the bevels. Water simply stays put on this unique coating, forming droplets that can be wiped off straightaway.

#### ANTI-STATIC JOINT

The anti-static joint between planks repels dust and prevents the build-up of dirt in the bevel, meaning even less maintenance to keep your floor looking the best.

#### LIVE LIFE TO THE FULLEST

For decades Quick-Step has been the leading manufacturer of long-life scratch-resistant laminate floors. Now the new Impressive Ultra goes the extra mile. Improved technology makes this floor so durable and wear-resistant that it will provide pleasure for years to come.

# BE INSPIRED! FIND YOUR OWN STYLE

**MODERN 14-19**

**AUSTRALIAN 20-23**

**CHIC** 24-29

**COUNTRY** 30-33

**CLASSIC** 34-37

# MODERN

The key to today's trendy look, whether you're going for vintage, industrial design or urban chic, is combining the right type of flooring with fresh, daring colours and iconic design elements.

LONG ISLAND OAK LIGHT | LARGO | LPU 1660

Soft furnishings will pop with such a pure flooring foundation. Liveliness coupled with cool colour tints completes the picture. Huge boards in classic grey will always be a winner.

## HYDROSEAL WATER-REPELLENT COATING

Our new Impressive Ultra range comes complete with a HydroSeal water-repellent coating on the bevels, making it the ideal solution for rooms with high moisture levels such as bathrooms, kitchens and laundry rooms.

CLASSIC OAK BROWN | IMPRESSIVE ULTRA | IMU 1849

CLASSIC OAK BROWN | IMPRESSIVE ULTRA | IMU 1849

Warm browns are back again for interiors. This classic brown oak is the perfect floor for a warm and cosy feeling in an intimate space such as a bedroom.

BLEACHED WHITE TEAK | CLASSIC | QSM 031

The cosy, white-painted teak floor creates the mood and is the perfect basis for lots of colour and enthusiastic action.

RECLAIMED CHESTNUT NATURAL | ELIGNA WIDE | UW 1541

The extra wide planks in the Eligna Wide range show off their rustic pattern to the maximum.

WHITE VINTAGE OAK | LARGO | LPU 1285

It is widely known that using light colours, wide planks and long lengths will make a room look bigger. This floor is the perfect example.

MOONLIGHT OAK LIGHT | CLASSIC | QSM 076

GREY VINTAGE OAK | LARGO | LPU 1286

The typical play of light and dark colours in this variety of wood is emphasised by the natural degree of shine, the amazingly wide selection of hues and the beautiful plank variations.

# AUSTRALIAN

Authenticity is key for this collection. Everybody loves the Australian timber species and combined with the durability of laminate, they are the perfect match for any style.

BLACKBUTT | ELIGNA | U1691

This is flooring that effortlessly combines practicality and beauty. Quick-Step Blackbutt is pure Australian style.

SPOTTED GUM | LARGO LPU 1997

Spotted Gum is frequently Australia's first choice in hardwood flooring. Now for the first time it is available in long wide boards with a micro-bevel. With the beauty and durability of Quick-Step Laminate, this timeless look has never been so easy to achieve.

SPOTTED GUM | ELIGNA | U 1689

SPOTTED GUM | ELIGNA | U 1689

Get inspired by the charming features showcased in Spotted Gum. The luxurious wide boards add a feeling of purity and natural charm.

BLACKBUTT | LARGO | LPU 1996

Largo Blackbutt has been developed with the finest Select grade Blackbutt from the Northern Rivers of NSW. These neutral tones with classic matt finish are right at home with the modern Australian home.

# CHIC

If you're looking for a contemporary style, choose interior elements that offer a comfortable, durable and balanced look. These contemporary designs create a feeling of space and openness in your home. Use mainly neutral colours, which can be combined with themed colour accents.

MOONLIGHT OAK NATURAL | CLASSIC | QSM 075

This floor emanates peace and quiet. It is a floor with a traditional, yet classical look.

RECYCLED HARDWOOD | LARGO | LPU 1998

From old bridges and wharfs, to recycled telegraph poles, we have gone to extremes to source this Australian recycled hardwood. All the hard work has been done, to bring these stunning long wide boards in matt finish into your home. For the real deal in recycled Australian hardwood you need look no further.

## DID YOU KNOW?

Our wide variety of widths, lengths and formats offers something for everyone. Find out more about our full range of plank sizes on page 39.

CARIBBEAN OAK DARK | ELIGNA WIDE | UW 1546

CARIBBEAN OAK DARK | ELIGNA WIDE | UW 1546

The weathered depth of Caribbean Oak is expressed uniquely by its old school charm and uncompromising character.

MIDNIGHT OAK NATURAL | CLASSIC | QSM 057

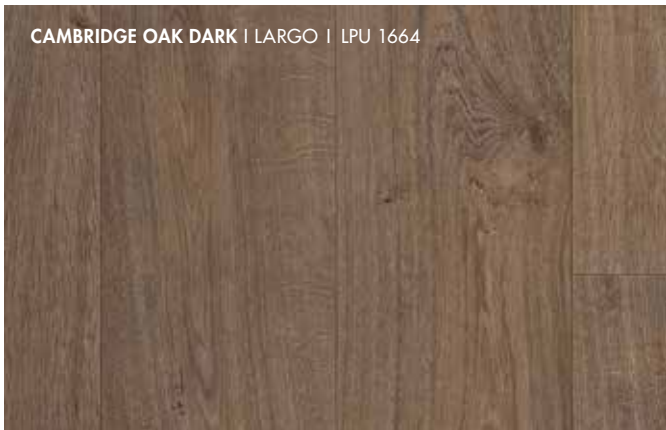

Moonlight Oak Natural is the classic foundation to any interior palette. Its ability to exude subtle shades of light enhance the spaciousness in any room.

MIDNIGHT OAK BROWN | CLASSIC | QSM 058

Dark, mysterious and perfect to bring warmth to your interior.

CAMBRIDGE OAK DARK | LARGO | LPU 1664

**TIP**

Light tones are all the rage these days. A light floor will enlarge your room optically, giving the impression of more space. Beige floors also work especially well in areas with low natural light as they make the room brighter. On the other hand, a dark floor in combination with dark tones will create a warm and cosy atmosphere.

CAMBRIDGE OAK DARK | LARGO | LPU 1664

This rustic oak floor with fascinating knots, cracks, twists and turns fits in perfectly with any warm and classical interior.

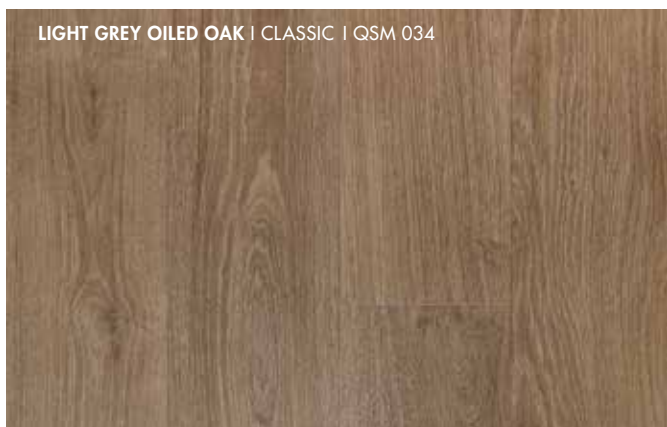

# COUNTRY

Obtain a cosy country look by combining natural materials such as wood, stone, linen fabrics etc. Use soft tones like beige, brown and grey, and complete the look with other muted colours.

DOMINICANO OAK GREY | LARGO | LPU 1663

The weathered character of this Dominican Oak is reinforced by its beautiful structure and a small V-groove which beautifully defines these long wide panels.

LIGHT GREY OILED OAK | CLASSIC | QSM 034

The oak floor appears very natural because of its soft shine and the many light and dark nuances. A subtle impression bevel enhances each beautiful plank. The whole room radiates cosiness.

SOFT OAK LIGHT | IMPRESSIVE | IMU 1854

SOFT OAK LIGHT |  
IMPRESSIVE ULTRA | IMU 1854

A rough-cut finish that replicates the marks of a saw-blade on a wooden plank. This is a popular choice for interiors where a rustic, rural style is the desired look. The warm grey colour blends well, creating a homely feeling.

HAVANNA OAK NATURAL WITH SAW CUTS | CLASSIC | QSM 073

HAVANNA OAK NATURAL WITH SAW CUTS | CLASSIC | QSM 073

A soft-hued design that's the perfect fit to create a romantic and dreamy atmosphere, with a touch of character thanks to the saw cuts. Use it in different areas of the same interior space to create an overall sense of unity.

# CLASSIC

Harmony is the key to a successful classic interior style. Choose dark, light or warm natural colours. Classic furniture, accessories and elegant panelling and moulding details complete the look.

RECLAIMED CHESTNUT BROWN | ELIGNA WIDE | UW 1544

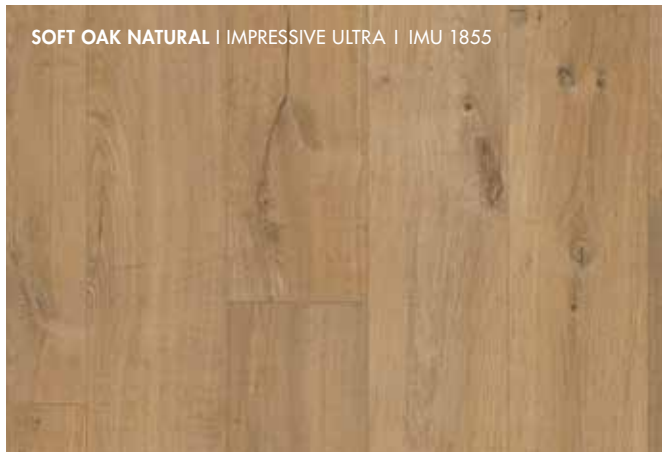

Fitting in perfectly with today's classic design style, this reclaimed and weathered chestnut look comes complete with knots, cracks and even woodworm holes! The intense surface structure, with its matt and glossy accents, gives your floor an authentic lived-in look.

## REMEMBER

The top layer of every Quick-Step laminate floor is finished with an ultra-protective Scratch Guard layer which gives the floor a high scratch resistance, ideal for all uses, especially in the kitchen. Moreover, our Impressive Ultra floors have a unique water-repellent coating which protects your floor from excess surface moisture.

SOFT OAK NATURAL | IMPRESSIVE ULTRA | IMU 1855

SOFT OAK NATURAL | IMPRESSIVE ULTRA | IMU 1855

The soft natural tones of this oak design are the perfect complement to classic interiors that use white tones. This floor has an extra matt finish, giving it a very natural look and feel.

OAK PLANKS WITH SAW CUTS LIGHT | ELIGNA WIDE | UW 1547

The Eligna Wide Plank allows each board to dance in the room with its jaw-dropping patterns and multi-layered composition.

AUTHENTIC OAK | LARGO | LPU 1505

## TIP

Use the practical Quick-Step Incizo® profile to perfectly finish your floor and stairs with the same profile throughout, and in the correct matching colour. See page 54 for details.

HAVANNA OAK DARK WITH SAW CUTS | CLASSIC | QSM 074

The Authentic Oak of the Largo collection oozes style with substance, thanks to the extra long and wide plank format.

# TYPES OF STRUCTURE, TREATMENT, FINISHING AND BEVELS

## TYPES OF STRUCTURE

### Elegant wood structure

A subtle surface texture with a fine grain structure that gives a wood effect with a very natural look and feel.

### Natural wood structure

A surface texture where the grain, knots and cracks that are visible in the design can also be felt in the surface structure of the laminate floor. This perfect combination of design and structure ensures that the floor looks and feels like real wood.

### Intense wood structure

Another perfect combination of design and structure where the varying depths and gloss levels - a combination of a glossy grain and a matt finish for knots and cracks for example - accentuate the design. These natural variations in the surface structure convey the true character of a solid wooden floor.

## TYPES OF TREATMENT

### Brushed

A surface effect that gives the appearance of brushed wood. The brushed treatment adds depth and authenticity to a laminate floor.

### Saw cut

Unique to Quick-Step. A surface effect that gives the impression of rough sawn wood thanks to visible and tangible saw cuts. Varying gloss levels in the surface emphasise the natural variations of the cuts.

### Scraped

A hand-scraped surface treatment that gives a crafted, hand-worked finish to your floor, adding authenticity to the look.

## TYPES OF FINISHING

### Matt finish

A matt surface look.

### Silk finish

A silk surface look.

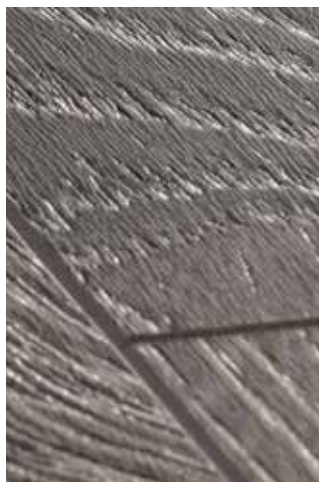

## TYPES OF BEVELS

### Large bevel

Distinctive grooved edges offer the look of an expansive solid plank floor.

### Micro bevel

Fine micro-beveled edges clearly delineate the planks.

### Genuine bevel

The bevel is perfectly suited to the character of the floor. The colour, design and structure of the plank are visible right through the bevel.

### Impression bevel

Effect that emphasises planks in a subtle way.

## DESIGNER'S CHOICE

Kendall Waller,  
Product & Technical Manager

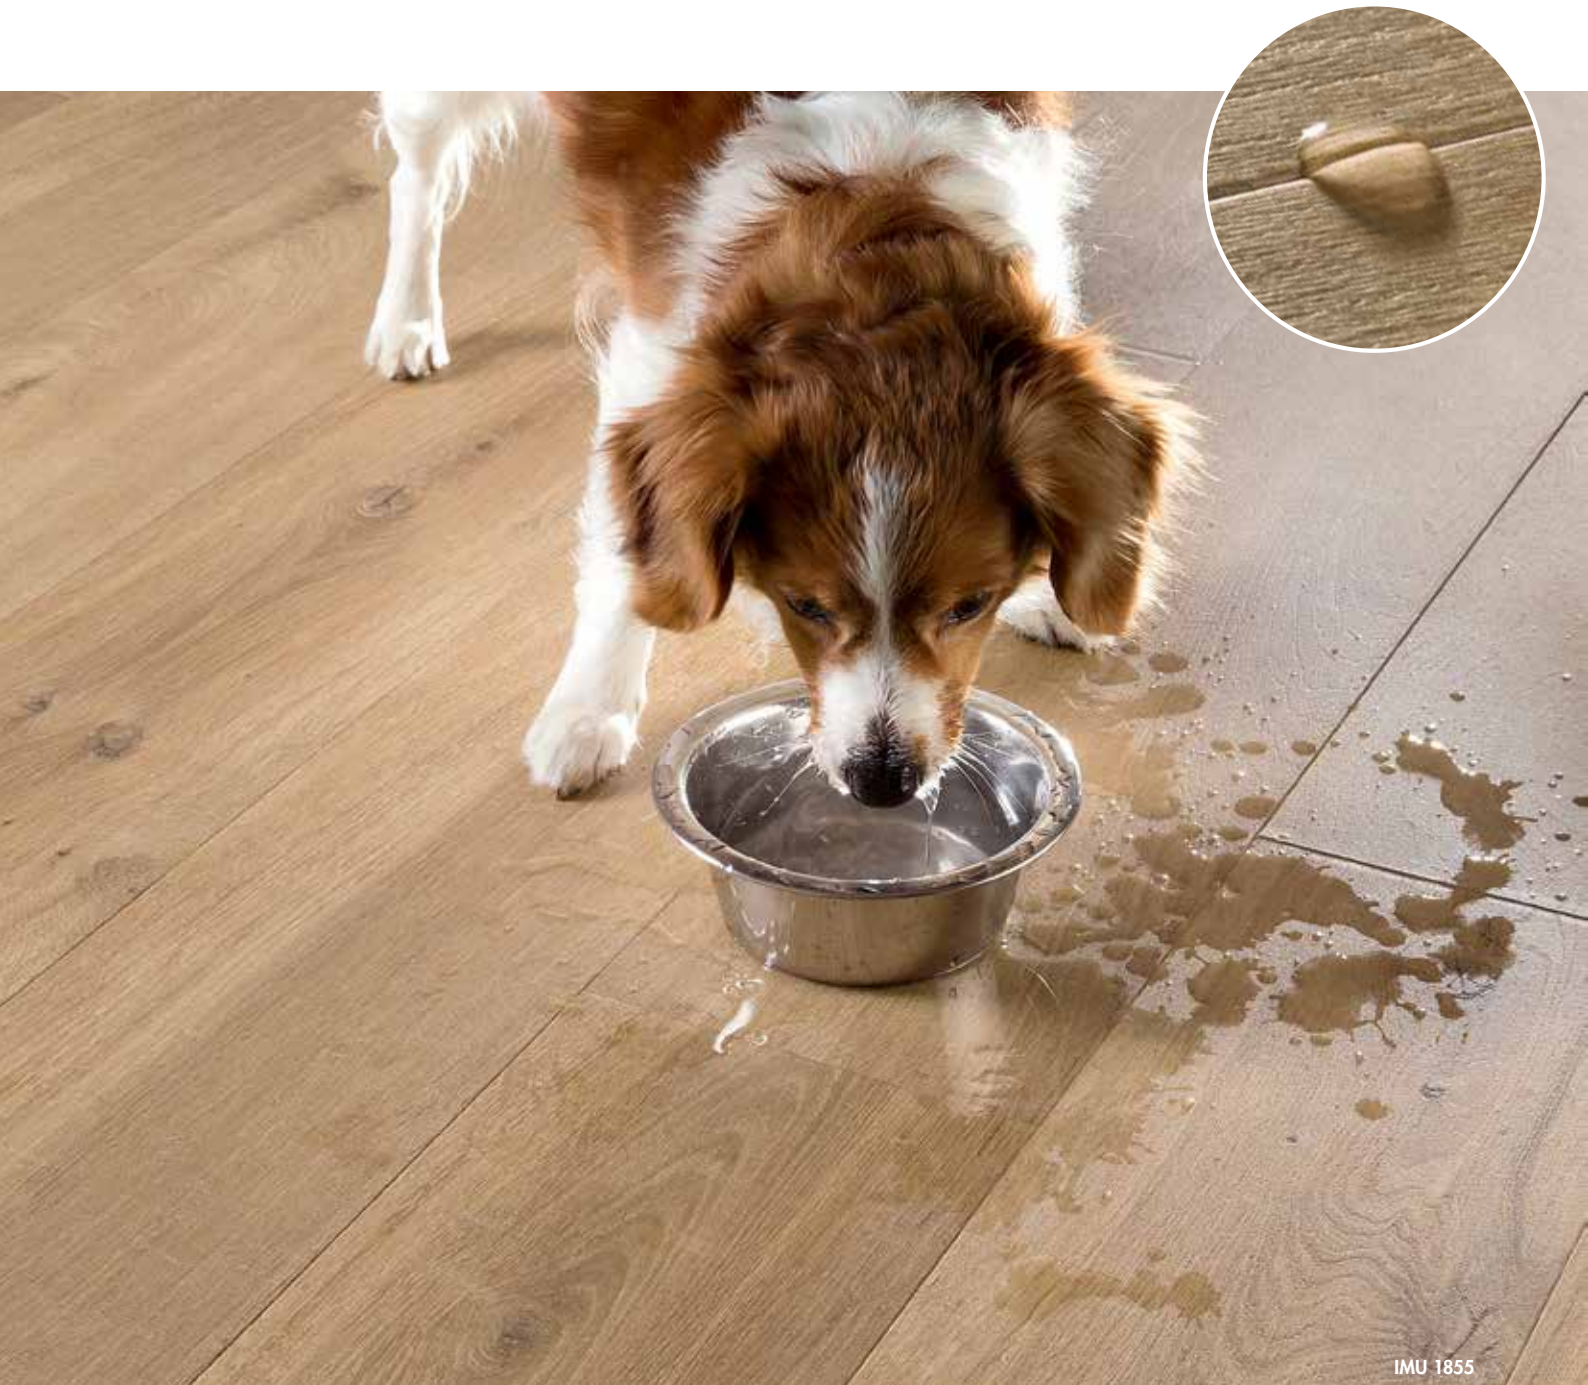

**KW.**

Quick-Step's laminate range has undergone a complete make-over with the introduction of three custom-designed products inspired by Australian species for the Largo range. Meticulously researched and prepared by Product & Technical Manager, Kendall Waller, the refined Largo range exudes class, especially with its wide boards and rustic charm.

According to Kendall, this is the first time in Quick-Step Australia's history that Largo products have been created specifically for the local market using Australian species as inspiration. "The research, discovery, design and production process was intense and exhilarating all at the same time. The initial vision of creating three dynamic flooring products that can now be showcased in Australian homes is very rewarding. Australian consumers can now choose from Blackbutt, Spotted Gum and Recycled Hardwood in the refreshed 10-colour Largo range."

## A PERFECT FINISH

- 52 Other finishing accessories
- 54 Your stairs also deserve a perfect finish
- 55 Finishing profile for floor and stairs

## CLEAN & CARE

- 56 Keep your floor in top condition

**WARRANTY:** The use of products other than the Quick-Step accessories might cause damage to the Quick-Step floor. In such case the guarantee provided by Quick-Step will be void. We therefore strongly recommend to use only Quick-Step accessories as these have been especially designed and tested for use with Quick-Step laminate floors.

# AN UNDERLAY IS NOT AN IDLE LUXURY

An underlay is an absolute necessity when laying a floor. Installing the right underlay has a major impact on the final look, quality and comfort of your Quick-Step laminate floor. Based on more than 20 years of experience, Quick-Step specialists have selected a collection of high-quality underlays that are easy to install, create a level base for your new floor, and provide excellent acoustic and thermal insulation.

## ▶ QUICK AND EASY INSTALLATION

Save a lot of time and effort.

A Quick-Step underlay comes with a self-adhesive strip and a pre-integrated damp proof membrane (DPM). It rolls out nice and evenly on your base floor, making installation simplicity itself.

## ▶ PERMANENTLY SOUND ABSORBING

Quick-Step underlays maintain their initial thickness over the years. You may rest assured that they will continue to dampen sounds both in the room in which they're installed and in the room below.

## ▶ EXCELLENT DAMP PROTECTION

The integrated damp proof membrane (DPM) protects your floor thoroughly from rising damp.

## ▶ IDEAL FOR UNICLIC®

All Quick-Step underlays offer a stable base which protects the Uniclic® system against heavy furniture and heavy short term loads such as high heels.

## ▶ SUITABLE FOR FLOOR HEATING

Thanks to the high-quality Quick-Step underlays, combining a laminate floor with floor heating or cooling is no problem at all. Please visit [www.quick-step.com.au](http://www.quick-step.com.au) for more information.

## ▶ LEVELS OUT IRREGULARITIES

A Quick-Step underlay creates a firm, level base for your new floor.

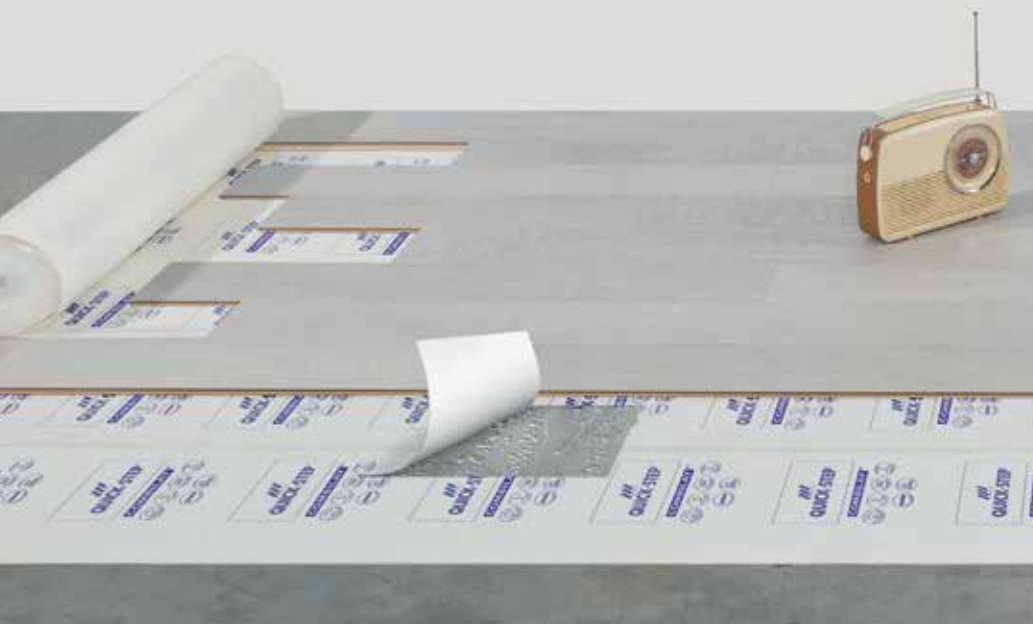

### QUICK-STEP® COMBI-LAY STANDARD

Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise.

### QUIET-STEP® COMBI-LAY

Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

# LAYING YOUR FLOOR WITHOUT HASSLE

## EASY CLICK SYSTEMS

Laying a Quick-Step floor is easy thanks to the patented and world-famous Uniclic®.

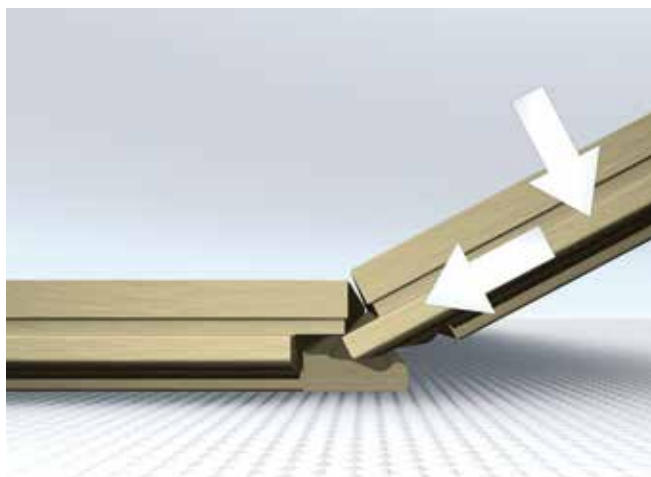

Uniclic® is very user-friendly, a lot faster and a lot more solid than other systems. It makes laying easier, even in the smallest corners of the room.

## HOW DOES IT WORK

You will find yourself fitting your floor in a 'click', very swiftly and with greatest ease.

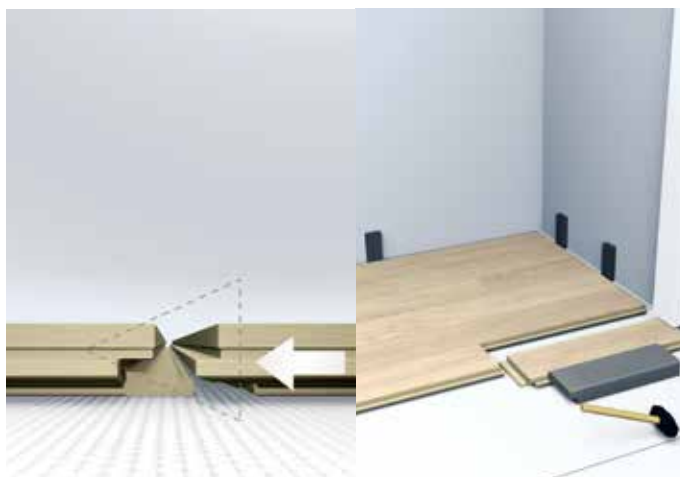

### ► METHOD 1 : ROTATE AND CLICK

Hold the panel to be installed at an angle of 20° to 30°. Move the panel gently up and down and at the same time exert forward pressure. The panels will automatically click into place.

**UNICLIC**  <sup>®</sup>  
PATENTED TECHNOLOGY

### ► METHOD 2 : HORIZONTAL INSERTION

Ideal for awkward corners. Unlike most other systems, Uniclic® panels can also be joined together horizontally. This is essential when you install the last row of panels to be installed or in places where it is difficult or even impossible to rotate the panels (underneath door frames or heating units, for example). Use the Quick-Step installation kit. See more on page 54.

## QUICK-STEP® ACCESSORIES HELP MAKE YOUR FLOOR INSTALLATION EASY

### ▶ QUICK-STEP® INSTALLATION SET

Cut down the risk of damaging your Quick-Step floor with our handy installation kit.

**Contents:** Quick-Step tapping block, metal crowbar, adjustable spacers.

**TIP** Check out the installation video on our website [www.quick-step.com.au](http://www.quick-step.com.au)

### ▶ QUICK-STEP® HAND SAW

This super handy Quick-Step hand saw will help you to saw door frames correctly, so that your floor fits perfectly underneath. Features an adjustable handle and a high-quality steel blade.

**TIP** Place a floor panel and underlay next to the door frame to determine the saw height.

### ▶ QUICK-STEP HYDROKIT

Quick-Step Hydrokit is a high-quality professional, transparent and elastic one-component joint sealant based on silicones. The elastic kit ensures excellent adhesion on Quick-Step laminate, vinyl and wood flooring, as well as on aluminum (profiles), MDF, melamine, PVC, etc. And since the Hydrokit is waterproof and UV-resistant, it maintains its adhesion and consistency for a long time under the influence of UV-light. It's a perfect solution to seal the joints

- ▶ Between skirting boards and walls;
- ▶ Along walls, stairs and profiles;
- ▶ Around radiator tubes, etc
- ▶ Contents: 310 ml

**TIP** It is advised to use this kit to seal the perimeter when installing Impressive Ultra laminate flooring.

### ▶ FOAM STRIP

- ▶ PE foam expansion joint filler (for use in combination with the QS Hydrokit).
- ▶ 20 m x 10 mm

# PERFECTLY MATCHED SCOTIA

## WHY QUICK-STEP® SCOTIA?

### 1. MATCHING COLOURS

Quick-Step is unique in the market, offering Scotia with perfectly matching colours for every floor.

### 2. SCRATCH-RESISTANT

While the majority of scotias on the market are finished with paper or foil, Quick-Step only uses real laminate, making them much more scratch-resistant and protected against everyday wear and tear.

### 3. QUICK-STEP® WARRANTY

# FINISHING PROFILE FOR FLOOR AND STAIRS

## QUICK-STEP INCIZO®: 5 QUESTIONS, 1 ANSWER

**INCIZO** PATENTED TECHNOLOGY  Quick-Step's Incizo® profile is a multifunctional finishing tool. One and the same profile can be used for all the finishes of your floor and stairs, in the matching colour. Simply cut the Incizo® basic profile to the shape required using the supplied slit.

### 1. HOW CAN I JOIN TWO FLOORS OF THE SAME HEIGHT?

Use the Incizo® profile cut as an expansion profile.

### 2. HOW CAN I SOLVE VARIATIONS IN HEIGHT FROM ONE FLOOR TO ANOTHER?

Use the Incizo® profile cut as an adaptor profile.

### 3. HOW DO I FINISH MY FLOOR ALONG A WALL OR A WINDOW?

Use the Incizo® profile cut as an end profile.

### 4. HOW CAN I CONNECT MY FLOOR TO A CARPET, AND HAVE A BEAUTIFUL FINISH?

Use the Incizo® profile cut as a transition profile.

### 5. WHAT ABOUT THE FINISHING OF MY STAIRS?

You can cover your stairs or steps with Quick-Step planks and finish in the style of your choice with the Incizo® profile as a stair nose. Read more about the finishing of stairs on the following pages!
